Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 05 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A cold and frosty start with wintry showers.

Today:
A cold day with further wintry showers near coasts. Brief sunny intervals this morning between showers but becoming increasingly cloudy this afternoon as showers become more frequent and widespread. Brisk northeasterly winds, locally strong on coasts. Maximum temperature 5 deg C (41 deg F).

Tonight:
Cloudy and cold with showers continuing through the night, especially for coastal parts. Showers turning wintry over high ground with a risk of snow and ice. Northeasterly winds easing. Minimum temperature -1 deg C (30 deg F).

Wednesday:
A mostly cloudy and breezy start with showers continuing from the North Sea, these wintry over high ground. Becoming drier and clearer later as winds fall light. Cloudy again overnight. Maximum temperature 5 deg C (41 deg F).

Outlook for Thursday to Saturday:
Cold with overnight frosts as winds ease. Mainly dry on Thursday, then cloudy with rain and sleet overnight. Sunny intervals and coastal showers on Friday and again on Saturday.
